

In the Drawings:

Applicant is submitting a proposed correction for FIGS. 3 and 4 as amended on March 22, 2002 and approved in the Office Action mailed on February 11, 2004. Newly proposed FIGS. 3 and 4 overcome an objection made in the Office Action. In particular, original FIGS. 3 and 4 were objected to for failing to translate several legends. FIGS. 3 and 4, as presently amended, have added translated legends.

The additions have been indicated in red ink. Furthermore, it is not believed that the corrections involve new matter. Accordingly, please indicate whether the corrections are acceptable in the next Office Action.
